

****Look Carefully ALL Routes Have Changed****

Please note all of the bus routes have changed for the 2019 summer camp season. Two of our very popular character routes (Shrek and Ariel) were consolidated with other routes. If you were previously on either of those routes, please know you will not be forgotten, you will just have a new character to remember. Many routes have adjusted to corner pickups or central pickup locations along the bus route. Buses will not go down every street, enter every development or apartment complex.

Please contact the Bus Supervisor at 518-952-5490 or the Parks and Recreation Office at 518-456-3150 with any concerns.
